

BEING A PRODUCT MANAGER

M/F/D | WIENER NEUDORF | FULL TIME (40 H/WEEK)

At VEROO, we passionately work every day serving our purpose – shaping integrated and predictable logistics to enable smart transportation and delivery of goods. We see customers struggling across their supply chains due to a lack of predictability, accurate data, and integrated systems. To overcome these challenges, we support them by digitizing their transport and logistics processes with a strong focus on transport visibility. VEROO is part of the WALTER GROUP, enabling us to combine long-standing industry expertise with agility and innovation. If you are someone who likes to work in a start-up minded team that moves fast to create impact but still wants to benefit from the access to a corporate industry leader, VEROO is the place for you. We are now keen to expand our core team with this key role and invite you to shape the digital future of transport and logistics with us.

Your challenge.

VEROO is working on a SaaS product suite that enables customer interaction through various channels such as Web-UI, E-Mail, iOS/Android App or API. You will be responsible for taking leadership of one of our development squads. Your job will be to coordinate with your squad as well as with other Product Managers when it comes to cross-team dependency issues. You are comfortable with moderating refinement sessions to break down requirements into epics and stories as well as supporting our sales and customer support team in their daily work with users and potential buyers. Identifying and mitigating risks and roadblocks as well as constantly learning and adapting to new situations are second nature to you. Embedded into our agile work mode, you will strive to enable your team to be successful and constantly deliver value.

Your tasks.

- Own, refine, communicate and proactively manage the product vision and development
- Guide one of our product teams and make sure they are able to constantly deliver business value
- Represent the voice of the customer - you will translate customer needs into a prioritized backlog
- Gather and document business requirements and product feedback in close collaboration with our business development and customers
- Drive the requirements workflow by actively maintaining the backlog and turning ideas into development tasks together with the team
- Responsible for resource and roadmap planning as well as overall KPI reporting
- Support our business development in pre-sales
- Give and receive feedback about our daily work to help us improve as a company

Your profile.

- Structured, fact-based and calm problem solving approach
- Self-reflected personality and strive for personal growth
- Ability to link together different views and opinions using your diplomatic communication skills
- You have the ability to sum-up and prepare various topics from our business and technical domains for different target audiences
- You thrive in a dynamic environment by constantly identifying business value and mitigating risks
- You have hands-on experience with agile software development methodologies (3+ yrs), preferably as Product Owner or Agile Coach
- Overall experience in different positions within the software development life cycle is a strong plus
- You are interested in digitalization using a modern, cloud-based technology stack
- A background in development, operations or system architecture is a strong plus
- Experience with Google Cloud Platform and the transport and logistics sector are a plus
- You are fluent in German and English - additional languages are a plus

Your benefits.

- Self-determined, independent work and opportunity to quickly take on responsibilities
- Possibility to actively shape our products and company into something bigger
- Work in a startup-minded team with the resource continuity of a long lasting corporate
- Modern working environment in Wiener Neudorf (on the southern outskirts of Vienna), free shuttle service from Vienna plus the option to work from home
- Numerous social benefits (employee restaurant, support for lunch, in-house pub / lounge, free parking, extensive sports facilities, numerous employee events, language courses, support in finding accommodation during relocation and more)
- Annual gross salary between 50,000 and 70,000 € (all-in) paid out 14x per year, based on qualifications and previous experience with optional bonus clause
